III. CONSENT AGENDA ITEMS

1. Resolution declaring certain miscellaneous wood waste and nursery plants to be surplus property for sale or disposal. ([memo](#))—Regular Agenda(David Selvage)

MOTION: Although a quorum was not present, the committee recommends the City Council adopt a [resolution](#) declaring certain miscellaneous wood waste and nursery plants to be surplus property and authorizing the Parks and Recreation Department to proceed with sale or disposal.

The Parks & Recreation Department is requesting passage of a resolution declaring waste wood by-products and unused nursery plants to be surplus property. The resolution is needed to provide an efficient and cost effective means to dispose of accumulated wood waste and unused nursery plant byproducts. Work on public trees along the City's streets, in parks and conservation lands generates significant wood waste. The Department would like to surplus the wood waste and nursery plants so the material could then be sold.

With limited discussion it was moved to adopt the resolution. All members present voted in favor of the motion.
