

CAPITAL IMPROVEMENT PROGRAM
City of Missoula CIP Project Request Form FY 2015-2019

Program Category:	Repair and Replacement		13 Project #	14 Project #	15 Project #
Parks, Recreation and Open Space	Park Asset Replacement & Renovation		PR_05	PR_05	PR_05

Description and justification of project and funding sources:

Renovation, Replacement and Improvement program – \$1,926,059. Funding is requested to replace and renovate existing park and recreation infrastructure to address public safety concerns; maintain existing services, ensure compliance with applicable codes and legal mandates, and to minimize potential liability exposure associated with aging, obsolete and deteriorating playgrounds, picnic shelters, restrooms, irrigation systems, trails etc....

FY 15 Park Assets Renovation & Replacement Priority Projects & Funding Needs

Garland Playground	\$75,000	Replace	Kiwanis Shelter	\$21,602	Replace (see PR-Kiwanis Park CDBG CIP)
Westside Basketball Crt	\$19,100	Renovate	McCormick basketball Crt	\$11,600	Renovate
McLeod Basketball Crt	\$6,900	Renovate	River Pine Park regrade	\$6,900	Renovate
Greenough Playground	\$75,000	Replace	McCormick Parking lots	\$431,000	Replace
Northside Spraydeck	\$25,200	Demo & resod	Playfair Playground	\$75,000	Replace
Greenough Restroom	\$129,000	Replace*	Kiwanis Ballfield bckstp	\$11,852	Renovate
Franklin Ballfield bckstp	\$11,852	Renovate	Franklin Basketball Crt	\$6,900	Renovate
Northside Shelter	\$21,602	Replace	Skyview Basketball Crt	\$6,900	Renovate
Sacajawea Restroom	\$78,400	Replace**	Southside Lions Shelter	\$39,802	Replace
McCleod Playground	\$75,000	Replace	Northside basketball Crt	\$15,600	Renovate
Greenough Shelter	\$9,286	Renovate (roof)	Grant Cr Trail @ GC Village	\$28,500	Replace
McCormick Sports lights	\$250,000	Replace	Grant Cr Trail @ RMEF	\$78,500	Replace/Renovate
Greenough Trail	\$197,000	Replace	Rattlesnake Trail @ Burger King	\$19,100	Replace
Homestead Trailhead	\$7,120	Renovate	Rattlesnake Trail @ McDonalds	\$11,800	Replace
7.5% Project Contingency	\$132,502				

Notes:

* Includes sewer extension, water, power plus removal of old & permits

** Includes site restoration & power plus removal of old & permits

Is this equipment prioritized on an equipment replacement schedule?		Yes	No	NA
			X	

Are there any site requirements:

REVENUE	How is this project going to be funded:							Funded in Prior Years
	Funding Source	Accounting Code	FY15	FY16	FY17	FY18	FY19	
Park District	2513		1,926,059	1,830,620	470,000	420,000	498,000	70,000
			1,926,059	1,830,620	470,000	420,000	498,000	70,000
How is this project going to be spent:								
EXPENSE	Budgeted Funds	Accounting Code	FY15	FY16	FY17	FY18	FY19	Spent in Prior Years
	A. Land Cost B. Construction Cost C. Contingencies (10% of B) D. Design & Engineering (15% of B) E. Percent for Art (1% of B) F. Equipment Costs G. Other		1,672,696 132,502 94,000	1,830,620	470,000	420,000	498,000	70,000
			1,899,199	1,830,620	470,000	420,000	498,000	70,000

OPERATING BUDGET COSTS	Does this project have any additional impact on the operating budget:							Spent in Prior Years
	Expense Object	Accounting Code	FY15	FY16	FY17	FY18	FY19	
Personnel			-					
Supplies			-					
Purchased Services			-					
Fixed Charges			-					
Capital Outlay			-					
Debt Service			-					
			-	-	-	-	-	-

Description of additional operating budget impact: Replacement and renovations of existing park improvements that are in poor condition and/or non-code compliant will not increase the cost of the feature's on-going maintenance.

CAPITAL IMPROVEMENT PROGRAM

Project Rating

(See C.I.P. Instructions For Explanation of Criteria)

Program Category:	Project Title:				14 Project #	
Parks, Recreation and Open Space	Park Asset Replacement & Renovation					
Qualitative Analysis	Yes	No	Comments			
1. Is the project necessary to meet federal, state, or local legal requirements? This criterion includes projects mandated by Court Order to meet requirements of law or other requirements. Of special concern is that the project be accessible to the handicapped.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	None of the listed projects are currently ADA compliant. The projects include sufficient funds to ensure ADA compliance as well as applicable code compliance for public health and safety. If not addressed there may be additional closure of facilities.			
2. Is the project necessary to fulfill a contractual requirement? This criterion includes Federal or State grants which require local participation. Indicate the Grant name and number in the comment column.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Identified Major Repair and Replacement projects are prioritized to address the most pressing safety concerns and reduce the greatest potential liability exposures in the park system, or, in the case of Caras park, ensure a facility continues to provide a high level of services and economic support to a significant portion of the community			
3. Is this project urgently required? Will delay result in curtailment of an essential service? This statement should be checked "Yes" only if an emergency is clearly indicated; otherwise, answer "No". If "Yes", be sure to give full justification.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The City has not funded replacement or major renovation of typical park and recreation features and improvements for decades. This fact exposes the City to greater potential liability and has begun to result in reduced and/or loss of park services to citizens such as closure of the Northside picnic shelter, removal of play pieces from several parks, and full closure of playgrounds at McCormick Park, Little McCormick Park and other locations.			
4. Does the project provide for and/or improve public health and/or public safety? This criterion should be answered "No" unless public health and/or safety can be shown to be an urgent or critical factor.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Projects will increase public safety and reduce the city's potential liability by providing for safe, code compliant park amenities and improvements. Replaced and renovated park features reduce potential for personal injury and maintain public services and community health by ensuring the continued provision of safe park and recreation services. (Northside Shelter)			
Quantitative Analysis	Raw Score Range	Comments			Weight	Total Score
5. Does the project result in maximum benefit to the community from the investment dollar?	(0-3) 3	Yes. The projects protect the City from increased liability exposure and documented public safety concerns as well as extending the useful life, function and efficiency of existing services and public investment in the existing parks and recreation system. Replacement of outdated, worn out, non-code compliant features minimizes maintenance costs. Renovation of features addressed safety and code deficiencies while maximizing the useful life of features.			5	15
6. Does the project require speedy implementation in order to assure its maximum effectiveness?	(0-3) 2	Continued deferment of necessary major repairs and replacement will increase the City's costs via increased potential liability exposure; increased cost of maintenance; increased construction costs for replacement; shortened life space; and reduced services as well as decreased citizen satisfaction.			4	8
7. Does the project conserve energy, cultural or natural resources, or reduce pollution?	(0-3) 3	The projects maintain the cultural, economic, and physical value of high use parks and facilities. The development of a long range plan to promote and sustain the City's facilities relate to being an outdoors and active community. The pavement project supports continued growth and use of the commuter pathway system which provides numerous benefits for reduced emissions, congestion, noise, and reliance on imported petroleum.			3	9
8. Does the project improve or expand upon essential City services where such services are recognized and accepted as being necessary and effective?	(0-2) 2	Projects are needed to maintain the quality and safe delivery of essential public services. The 2011 park system citizen survey strongly indicated that over 80% of Missoula residents feel that the City should increase its investment in park and recreation facilities.			4	8
9. Does the project specifically relate to the City's strategic planning priorities or other plans?	(0-3) 3	Projects are needed to maintain the quality and safe delivery of essential public services. Strategic Goals 1, 2 and 3 as well as Master Park Plan goals			4	12
