Program Category:	Project Title:		15 Project #	16 Project #	17 Project #
Parks, Recreation and Open Space	McCormick Park Site Plan		PR-06	PR-04	PR-04

**Description and justification of project and funding sources:**

McCormick Park has had a number of improvements over the past several years. There are still a number of items needing attention. Problems include aging irrigation system, unfinished landscape parcels within the park. Components of the Master Park Plan still need to be implemented. Improved and safer parking, park shelter, landscaping, softball field lights, signage, and a community center. In addition, the relocation of the 100 Hickory site will need to occur per LWCF designation for a Community Center as defined and supported by the Missoulian 21st Century projects and the Master Park Plan and McCormick Master Site land. The majority of these projects remain unfunded.

In FY13-14 the Parks Department partnered with the All Abilities Playground Committee to fund raise and construct Missoula's new All-Abilities all Inclusive Playground. The Playground fulfills the city's need for a playground for children of all abilities and play styles (physical, sensory, imaginative, exploratory, social, etc.) and fulfills the public's request for such a space. - The playground opened in July 2014. Phase 2 of the playground was completed in 2015.

Clegg/Hickory re-alignment is in Public Works CIP.

Community Center - Dept will be submitting to use impact fees for Feasibility/Design Development.

Projects for out years are attached and waiting for funding sources.

Is this equipment prioritized on an equipment replacement schedule?	Yes	No	NA
Is there ongoing Operating and/or Maintenance costs upon completion of project?	Yes	No	NA

**Are there any site requirements:**
