Summary Description and rationale of project and funding sources:

Syringa along with Bellevue Bike Parks are Missoula's first official Bike Parks. Funded by a combination of generous donations from I Ride for Tanner and other philanthropists as well as Impact Fee and In-Kind services, the Syringa Park Master plan includes a phase 2 that will add more advanced features (a progressive bike jump line and skills features), as well as park amenities such as a shade shelter, drinking fountain, and possible port-o-let enclosure. FY22 funding represents remaining donations carried forward from phase 1 and will be used to begin phase 2 to add some additional smaller features at Syringa.

History & Current Status: Impact if Cancelled or Delayed

The Bike Skills Park Project completed the bike park portion at Bellevue Park, and Phase 1 at Syringa Park. The parks were opened to the public in summer of 2019. The overall master plan for Syringa Park also included additional features that were to be built once more fundraising/funding could occur. Phase 2 of Syringa park will complete the plans per the adopted master plan, with the addition of a jump line and shade shelter.
