<b>Department</b>	Building			
<b>Request Category</b>	New	Building Department Program Manager		
<b>Request Rating</b>	Expand Level of Service			
<b>Department Goal</b>	Promote equitable growth and a resilient, sustainable community.			

**1. How will request assist in achieving Department Goal and benefit the customer**

In the last several years, The City of Missoula has experienced a surge in development review activities that have prevented us from providing the level of responsive service the community has come to expect. These delays in development review have also had a negative impact on new construction of houses and apartments, working against the goals outlined in our adopted housing policy and City of Missoula Strategic Plan. CPDI recently expanded services and streamlined activities in building permitting and inspection to address this growing need. Through this process, and through additional internal audits, we identified the need for an additional team member in our building department to ensure that we are able to continue providing our core services, providing ongoing training and support to our team of inspectors and plans examiners, and continue to make the process improvements required to achieve our goals.

**2. What specifically is needed to achieve this goal?**

Authorization to allocate dollars from the building fund to hire an additional team member in the building department focused on program management, process improvement, training, and staff supervision and support.
