| 1. How will request assist in achieving Department Goal and benefit the customer | | | |
| <p>Keeping pace with declining infrastructure, neighborhood requests for services and projects, fast paced development, the need to update the 2004 Master Park Plan through a lens of equity and inclusion and climate action, is not sustainable with our current three member team. Additionally, we anticipate federal grant opportunities that we may not be able to take advantage of without increasing capacity. Many projects have been delayed and we continue to fall further behind on requests.</p> | | | |
