Summary Description and rationale of project and funding sources:

This new park was created to fulfill parkland dedication requirements for the Linda Vista neighborhood. P&R developed a master plan for the park, and the developer will install irrigation, turf, trees, and a path through the park. There is no funding for significant upgrades beyond those conditioned as part of the development. P&R may implement small initial improvements including trash cans and a fence around the preserved prairie area.

History & Current Status: Impact if Cancelled or Delayed

There is not enough funding to implement the master plan. We will have to acquire additional funding to complete this as an out year project.
